REF6616

L732108548/JN225-16

Features – Operated by the Transmitter:

- Forward and Reverse – Pull/Push Trigger.
- Left and Right Steering – Turn Wheel.

Batteries/Recharging Unit (Included):

Transmitter – 2 "AA" batteries
 Vehicle – One 9.6V rechargeable Lithium-Ion Battery Pack and Recharging Unit

Battery Pack and Charger Operation:

Please refer to the attached instruction sheet for the 9.6V Lithium-Ion Battery Pack and Charger.

Transmitter:

- Locate and remove the Battery Compartment Cover, which is located on the bottom of the Transmitter.
- Insert 2 "AA" batteries. Be sure the (+) and (-) are properly matched.
- The transmitter will automatically sync with the vehicle.
- The vehicle is equipped with 2.4GHz technology which allows up to 6 vehicles to be raced at the same time.

The Vehicle:

Slide supplied Lithium-Ion Battery into battery compartment following the direction of the arrow and lock into place by turning the compartment lock. Turn the ON/OFF switch (located on bottom of vehicle near battery compartment) to the ON position. The vehicle is now ready for use.

Steering Trim:

Adjust the steering trim located underneath the vehicle between the front wheels.

Removing the Body Shell:

1. Locate and remove the pins that secure the body shell to the frame.
2. Lift off the body shell to expose the frame.

Notes:

1. Operate the vehicle within 80-100 feet (25-30 meters) range.
2. Switch off the toy when not in use.
3. Remove all batteries when not in use long periods.
4. If the vehicle is not function properly, replace batteries and recharge the Lithium-Ion battery pack.
5. Adult supervision recommended.
6. Please remove all packaging attachments before giving this toy to your child.

The reception performance may be affected under a strong interference disturbance environment.

This product would not perform normally under a strong electrostatic environment.

We wish you many happy hours of pleasure with your New Bright toy.
